

Encouraging Excellence in Commercial Real Estate

The Tim and Barbara Blair Scholarship Matching Fund.

A Named Education Scholarship Matching Opportunity

Create a Scholarship. Change a Career. Strengthen Our Industry.

The CCIM Institute Foundation is pleased to offer a unique opportunity for chapters to create a lasting legacy through the establishment of a new Named Education Scholarship (NES).

Through the Tim and Barbara Blair Scholarship Matching Fund, chapters can leverage a dollar-for-dollar matching gift to create a scholarship fund that will support future CCIM candidates for years to come.

For every \$18,750 raised by a chapter, its members, or local supporters, the Tim and Barbara Blair Scholarship Matching Fund will contribute an additional \$18,750 — creating a new \$37,500 Named Education Scholarship.

Together, we can expand access to CCIM education, strengthen our profession, and invest in the next generation of commercial real estate leaders.

How It Works

Raise \$18,750

Engage chapter members, donors, and supporters to fund your scholarship.

Receive a Dollar-for-Dollar Match

The Tim and Barbara Blair Scholarship Matching Fund contributes an additional \$18,750.

Establish a New Named Education Scholarship

Together, the combined \$37,500 fund creates a permanent source of scholarship support.

Change Lives for Years to Come

The fund is designed to provide approximately \$1,500 annually in scholarship assistance, enough to help cover the cost of a CCIM course and open doors for future designees.

A Matching Opportunity That Becomes Your Legacy

The Tim and Barbara Blair Scholarship Matching Fund provides the match, but the lasting impact belongs to your chapter.

Once matching funds are secured, the scholarship may be renamed to honor a chapter leader, recognize a local donor, celebrate a chapter milestone, or reflect the wishes of those who establish the fund.

Your chapter creates the legacy. Future CCIMs benefit from it.

Encouraging Excellence in Commercial Real Estate

Why Now?

Every CCIM chapter benefits when more professionals have access to quality education, mentorship, and a pathway to the designation.

This opportunity allows chapters to create a \$37,500 scholarship fund at half the usual cost. Through the Tim and Barbara Blair Fund, your chapter can establish a lasting source of educational support.

By participating, your chapter can:

- Expand access to CCIM education
- Support future designees in your market
- Strengthen chapter engagement and leadership
- Honor local leaders and supporters through named scholarship opportunities
- Create a permanent source of educational support for future generations

Most importantly, you demonstrate your chapter's commitment to the future of commercial real estate.

Make a Difference That Lasts

A single fundraising effort today can create scholarship opportunities for years to come.

The Tim and Barbara Blair Scholarship Matching Fund makes it possible for chapters to multiply their impact, support future CCIM candidates, and leave a lasting mark on the profession.

Together, we can build stronger chapters with stronger professionals who help build a stronger future for commercial real estate.

Priority Opportunity

The Foundation has reserved matching opportunities for twelve new scholarships over a three-year period.
